[Intro]

Em G Bm D x4

[Verse 1]

Em G Bm D
We follow the tail lights out of the city
Em G Bm D
Moving in a river of red
Em G Bm D
As the colors fade away from the dusky sunset
Em G Bm
We roll for the darkness ahead

[Chorus]

Em G Bm D
We are old, we are young, we are in this together
Em G Bm D
Vagabonds and children, prisoners forever
Em G Bm D
With pulses a-raging and eyes full of wonder
Em G Bm
Kicking out behind us again

Night time, city beat, the radio is calling

The lost and lonely in vain

The road smell after the rain

[Chorus]

Em G Bm D
We are old, we are young, we are in this together

With pulses a-raging and eyes full of wonder

Kicking out behind us again

[Bridge]

G A Bm
And watching as a boy alone at the quayside
G A Bm
The ships loading cargo in the night
G A Bm
Their names all calling to faraway places

The years go past, the miles go by

And still this childhood romance will not die
